

All-in-one platform for estimating, building & operations.

Streamline every step of your project lifecycle with ease.

As a comprehensive end-to-end platform, STACK provides the preconstruction and construction tools your team needs to make smarter bid decisions, streamline project execution, and drive business growth from start to finish.

One platform for your entire workflow

Takeoff

Lightning-fast takeoff tools empower your team to increase efficiency without sacrificing accuracy.

Estimate

A powerful estimate worksheet, insightful dashboards, and exportable proposals simplify your bid process.

Build

Our responsive mobile app enables crews to access, markup and share digital plans on the jobsite.

Operate

A single source of truth for as-builts clears the way for smoother maintenance workflows and emergency management.

Take your workflow to the next level with our industry-leading construction app.
